WILSON IS
VICTORIOUS

SENATE REACHES EASY COMPROMISE ON CHAMBERLAIN RESOLUTION.

(By the Associated Press)
Washington, May 22.—With less than two minutes to debate, the threatened breach between the president and senate, disappeared today when by a viva voce vote an acceptable substitute was adopted in place of the Chamberlain resolution which the president had contended was nothing less than a proposal to constitute the military affairs committee a committee on the conduct of the war. The substitute resolution does not prevent an investigation of the aircraft situation.

Let a Want Ad get it for you.

BUSINESS MEN MUST
HELP FARMERS

B. H. Frick, county chairman of the labor committee, and other members of the committee will at once make a round of the city and ascertain just who will assist in the move to aid the farmers with their crops. Every able bodied business man is expected to go on call or else send someone in his place, and owners of autos are expected to transport them to and from the fields where work is done.

The crops of women whose sons or husbands are in the army will be given first attention and after that other farmers needing help will be taken care of. It is imperative that the crops be saved and with the prevailing labor shortage this seems to be the only way out.

Mr. Frick suggests that if any man does not want to keep the money he is paid he may donate it to the Red Cross.

The Manual Training Department of the High School can furnish drying frames 14x27 inches and equipment therefor at \$2.00 each. Telephone 371. 5-22-2t

HUNS STILL REMAIN QUIET

ALLIES GAIN IMPORTANT POSITIONS AT SEVERAL POINTS ON FRONT.

(By the Associated Press)
Germany's spring offensive in the hope of forcing the allies to accept peace terms enters the third month today. In the week that has elapsed since the enemy's repulse north of Mont Kemmel the allies have succeeded in taking several important positions. Enemy counter attacks have not been vigorous and nearly all failed. The latest German failure was northwest of Merville where they attacked new British positions on a front of two-thirds of a mile but were thrown back, the British line remaining unchanged. Smaller attacks were repulsed by the French north of Baileul.

Between the Piave river and Lake Garda, on the Italian front, the Italians have succeeded in several strong local engagements with the Austro-Hungarians.

Violent Artillery Action.
Paris, May 22.—Artillery fighting of the most violent character occurred last night on the front southeast of Amiens the war office announces. The artillery fighting took place on the southern part of the battle front in Piemont neighborhood west of Noyon.

British Enter Trenches.
London, May 22.—In the sector southeast of Arras German trenches were entered at two points last night by British raiding parties says the official announcement. Prisoners and one machine gun were taken on the Flanders front. The Germans carried out a heavy gas bombardment of the sector northeast of Bethune.

American Casualty List.
Washington, May 22.—Today's casualty list contained forty-eight names divided as follows: Killed in action, three; died of wounds, two; died of disease, two; wounded severely, thirty-eight; wounded slightly, three.

An additional list of thirteen men, among them Irl Edwin Long, Walters, Okla., probably lost with the naval collier Cyclops, was reserved today by the navy department.

Three Lost on Tanker.
Washington, May 22.—Three men were lost in the sinking of the American tanker William Rockefeller torpedoed in European water May 18 according to a navy department announcement. Eleven officers and sixty-one men were landed uninjured.

Raid on Paris Repelled.
Paris, May 22.—German aviators made an ineffectual attempt last night to reach Paris. Three persons were killed and several injured in outlying suburbs but the city itself was not reached. Anti-aircraft guns felled one German plane north of Paris.

COUNCILS OF DEFENSE EXPECTED TO HELP

W. A. Riley, secretary of the county exemption board, states that the various local councils of defense of the county are expected to give aid in registering the young men for army service June 5. On this date the new men, who have reached their majority since the registration of last year, are expected to report to the county board June 5 and it is the duty of the local councils to see that all comply with the law.

HARRY JONES DEAD BURIAL AT ADA TOMORROW

Harry Jones died this morning at 7 o'clock at the home of E. W. Harding and wife, Oklahoma City, where he had been ill for several weeks of tuberculosis. The body will be brought to Ada on the 11:15 Katy train tomorrow (Thursday) and the funeral procession will start at once for Rosedale cemetery where the funeral services will be conducted by Rev. C. L. Brooks of Shawnee, assisted by Rev. M. A. Cassidy.

Harry Jones was just past 24, in the very prime of young manhood. He was the son of the late Frank Jones and came to Ada when a very small boy and lived here until two or three years ago, when he accepted a position at Wewoka. When the Mexican trouble threatened last year, he enlisted and went to the border, but his health failed and he was given an honorable discharge. He was a young man of steady habits and his future was most promising. Verily death sought a shining mark when it struck down Harry Jones at the very beginning of his career.

ITALIANS HIT AUSTRIANS HARD

BREAK UP ATTACKS AND PENETRATE HUN LINES IN SUCCESSFUL RAID.

(By the Associated Press)
Rome, May 22.—Italian troops in the mountains west of the Brenta river have broken up enemy attacks especially on the southern slopes of Sasso Rosso. On Monte Spinone, west of the Piave river, says the official announcement, Austrian positions were penetrated and fifty three prisoners captured.

MARTIAL LAW IN BOHEMIA

POPULATION'S DEMAND FOR PEACE CAUSES STERN MEASURES TO BE TAKEN.

(By the Associated Press)
London, May 22.—Martial law has been proclaimed in Bohemia and in consequence of "popular excesses" many persons have been imprisoned, says a dispatch to the Daily Mail from Berne, quoting the newspaper Slavenski Parod. Outbreaks occurred in Pilsene, Nahod and other towns. The vast estates of Prince Furstenburg, a close friend of the German emperor, has been plundered and the buildings on them burned. Czech deputy, Stanek, had been summoned for a conference with the Austrian premier, von Scydler, but declined and warned the premier against a policy of violence in Bohemia.

MURRAY WILL ADDRESS CITIZENS TONIGHT

Former Congressman Murray is in the city and this evening at 8:30 will address the voters at the First National bank corner on the subject of winning the war. Mr. Murray is personally acquainted with a large part of the population of Ada and always draws a good crowd. He is well posted on the war and can speak with authority.

HUNGER STORIES COMING

Washington, Ma. 22.—The food situation in Germany, officials here believe, is the most critical it has been at any time. Information reaching Washington from many sources indicated that even with the reduced ration planned for June 15, the country will not have enough food to carry the population through to the next harvest and that further reductions will have to be made. The reduction ration was to have been put into operation March 1, but the measure was postponed in the hope that grain would be forthcoming in large quantities from the Ukraine. Germany began consuming her 1917 wheat crop two months before it was intended to start on it, and the German potato crop has not turned out nearly so well as had been hoped.

S. PRESBYTERIANS VOTE AGAINST UNION

Durant, Okla., May 22.—By a vote of 153 to 72, the general assembly of the Southern Presbyterian church, in session here, late this afternoon rejected the plan for organic union with the Northern Presbyterian church which, by action of its general assembly in Columbus, Ohio, earlier in the day had adopted resolutions favoring church union. The southern branch went on record, however, as still being willing to consider a federal union of all Presbyterian and reformed churches of the United States.

Be Wise.
Cato used to assert that wise men profit more by fools than fools by wise men, wrote Plutarch; for wise men avoid the danger of fools, but fools will not imitate the good example of wise men.

Seaweed for Sound Proofing.
A new material used for sound proofing the walls of a music school building consists of seaweed chemically treated, fireproofed and made into pads.

Why They Are Called "Posters."
Posters took their name from the fact that in former times the footways of London were separated from the drives by a line of posts, on which advertisements were displayed.

Pump with no valves.
For pumping heavy liquids a Welsh inventor has designed a combined piston and rotary pump with no valves that can be easily clogged.

Taking a Joke.
Learning to take a joke is much like learning to take medicine; it can be done, but it is not pleasant.

PONTOTOC CO. COMPLIMENTED.
Pontotoc county captured the honor of being the top in the Red Cross drive, being closely followed by Blaine and Alfalfa. It is particularly gratifying that Pontotoc set the pace, for, as pointed out by Director Phillips, that county acquired an unenviable distinction early in the war as the headquarters of I. W. W.'s and draft resisters. It was well understood at the time that the anti-government eruption there was in no

wise representative of Pontotoc sentiment. The real sentiment of the people of Pontotoc is expressed in the Red Cross response.
Great confidence is expressed by everyone connected with managing the campaign that Oklahoma will go far beyond her \$1,000,000 assessment. It is sincerely to be hoped, too, that the nation as a whole, will not only contribute the \$100,000,000 needed by the Red Cross, but will provide a big surplus in addition.

As President Wilson observed in his New York speech, we must not only win this war, but "we must win it worthily." There is no worthier way of winning the war than by making the Red Cross as symbolic of America as the iron cross is of Germany. As the iron cross is the official sign and token of frightfulness so the Red Cross is the official seal of helpfulness. The two philosophies could not be more vividly contrasted. Give, and give generously. To give is to live.—Oklahoma.

Ada is to be congratulated on the overwhelming expression of sentiment in favor of good schools as indicated in the tax election of Tuesday. No other town in Oklahoma has a better managed system of schools than Ada and with the means provided by the voters for the coming year, they will reach a still higher plane of efficiency. Ada is recognized as an educational center of Oklahoma and her reputation for progressiveness is due in no small degree to the unsurpassed educational advantages of the place.

The farmers of Pontotoc county have heeded the urging of the government and the consuming element to plant a large acreage this year, and now it is up to the town man to shoulder a hoe when called on to do so and help the farmers save their crops. A pound of any product saved is that much aid in winning the war and a pound lost is just that much help to the kaiser. During the rush season of the coming month or six weeks it behooves every man to do his best.

No man can prove his Americanism today by a perfunctory compliance with the obligations of these times. It is not how much one does, but how he does in proportion to his means, and the manner in which he does it. That is the test, and those that don't measure up to it can't get away with it. We have no faith in, and less respect for a forced patriotism.—Wapauka Press.

Card of Thanks.

NINE SOONER SOLDIERS AWARDED COMMISSIONS

Norman, Okla., May 22.—(Special)—Nine alumni and former students of the University of Oklahoma were among the men commissioned in the third officers' training camp at Camp Travis, according to word which has reached Norman. They are Ebert E. Boylan, Miami; Albert S. Clinkscales, Vinita; Walter L. Ditzler, Norman; Henry M. Furman, Norman; Daniel L. Garrett, Norman; Murray M. McCune, Perry; Frank B. Parsons, Bartlesville; Louis Sonnenschein, Oklahoma City, and William G. Stigler, Stigler.

SOME WORK OF RED CROSS IN FRANCE

Washington, May 22.—How the Red Cross Relief Organization in France met the crisis thrust upon it by the recent great German offensive, when its lines were driven back together with those of the French and British armies, is one of the inspiring stories of that greatest of world's battles. Caught suddenly on the edge of the vast conflict and in danger of being overwhelmed by the great number of refugees and wounded soldiers fleeing before the German onrush, the Red Cross Relief Army, too, was compelled to fall back and, while maintaining its organization and preserving its supplies, had to give every possible aid to the refugees and soldiers.

A narrative of how this was achieved and how the new Red Cross lines in the rear were organized even while the relief work was in progress has been received from Paris at the Red Cross headquarters here.

"As soon as the drive started," reads the story, "Major Perkins, head of the American Red Cross, called some aides together and made his plans. Of course the first problem was to assure the safety of all the workers in the field and that incidentally has been assured. But it was not just a question of rushing back to safety. No such simple ignominious plan occupied for an instant the thoughts of any relief worker. They were to retire in good order and work every second for the refugees and the soldiers. Other workers and a great mass of material were to be rushed forward from Paris.

"Just as the German drive tested the resources of the allies, so, indirectly, it tested every relief organization. It was necessary to connect the relief work under a field general, to keep the transportation lines between all the various stations of the Red Cross in the field connected, to work on a big plan so that the work instead of decreasing could grow.

"If you will take a map showing the present territory affected by the great battle you can follow the plan of withdrawal which Major Perkins and his staff worked out. The Red Cross workers who were nearest the battle line broke were those in Ham and at Croix-Maignaux, northeast of Ham. From Ham, Croix-Maignaux, Nesle and Grouchy, where there were construction warehouses and staffs and medical relief workers, including a small hospital for babies, they drew back on Roye. And on Sunday an organized Red Cross line was formed which stretched from Amiens to Montdidier, Lassigny, Noyons and Soissons.

"The next withdrawal was to the present line where a perfected chain of stations to help refugees has been developed. From Beauvais on the Compiegne and Soissons. "Compiegne is where the field headquarters have been established. As the most advanced Red Cross reinforcements were sent from the rear. When the first reconnoitering party arrived there, they found that there was work to do helping the refugees with whom the roads were crowded. Back they dashed to Paris to give the word. And back again to Compiegne with orders and supplies. But the refugees were no longer alone in the roads. There were soldiers also. Though the first plan had been to help the refugees at this point, the assistance was also turned over to the soldiers.

"The Red Cross men arrived for their second visit to Compiegne on a moonlight night. Uncouth aviators were flying low and their machine guns were beating a tattoo on the town while from time to time a bomb dropped. As one man said while his car sped through the moonlight, "There was just a piece of canvass between men and hell."

"A bomb had dropped on three army trucks standing close together. Their gasoline tanks exploded and a flame shot up through the clear night light. Compiegne was not a pleasant place that night. But the relief workers were stuck there in spite of machine guns and bombs. Finally they found the hotel which had been abandoned and taken over as emergency Red Cross headquarters.

"A Red Cross hospital at Annel fifteen miles north of Compiegne had been evacuated, but the American doctors stuck to their posts which was most fortunate for there the Red Cross had a fine supply of material which was transported back to Compiegne not only for the soldiers passing through but also for the emergency canteen at the station which the Daily unit, a unit of hospital aides agitated with the Red Cross, had established at that point.

"So the line drew back from Beauvais to Soissons and with the field organization establishing itself solidly and calmly. Fine work is being done at Beauvais and the movement of supplies is now fully organized. The refugees problem has only begun for the Red Cross, because that organization has the intention of following the great body of the refugees to their final destinations further south and continuing to help them.

"The Red Cross kept its field organization intact but some warehouses and construction work was destroyed. The stores were partly haved and partly given over to the soldiers to take, the rest being burned so that the barbarians should not benefit by them. Every one worked his hardest and the drivers especially deserve the highest praise. The spirit of the armies caught hold of all the other workers. The refugees were resigned but uncomplaining and throughout those twelve days of crisis a spirit was shown by all concerned that should teach even the Germans that though they may have taken some territory they have not conquered a bit of the spirit of the allies."

Large, clean cotton rags wanted: 3c per pound. News office.

"A SPLENDID TONIC"

Says Hisson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did...

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feelings, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-123

CITIES DRAGGED FOR FARM HANDS

"Farm Labor Pledge Card." I hereby agree, on the call of my County Council of Defense, to give not less than two week's work on the farms of this county during the year 1918, at such time and place as the County Council shall designate. The wages to be paid the same as for other labor of like kind and quality.

Oklahoma City, Okla., May 22.—(Special)—Every man or boy between the ages of 15 and 60 in any city or town in Oklahoma is subject to draft in the farm movement which is being launched by the Oklahoma State Council of Defense. Only those may claim exemption who are in the following classes:

- Physicians.
- Members of the Federal Draft Board.
- Mail carriers and necessary postal employees.
- Necessary repair men and mechanics of shops, garages and hardware stores.
- Railway and Express employees.
- City or town employees of ice plants, mills, elevators and wholesale distributors of oil and gas.
- Necessary dray and transfer men.
- Physical disability.
- One man in each business whose place cannot be supplied by women.
- Other personal exemptions in cases of emergency, on proper showing to the Labor Draft Board.

In case of refusal to sign this pledge, a note will be taken of the name of the objector and the reason, and the case reported to the County Council of Defense.

The following plan for drafting this labor has been submitted to the county councils of defense: A labor draft committee will be placed in charge of this work, and this committee, working under the direction of the executive committee of the county councils will be final authority on all details of the work. The men formerly selected by the county councils to co-operate with the labor department will be made one of a committee of three or five on this labor draft board.

The critical conditions brought on by the war has forced the necessity for men clerks in stores, cigar clerks, et., being replaced by women. It is recommended that pool halls be closed during office hours and only be permitted to operate, if at all, between the hours of 6 and 11 p. m. Every man who signs this labor pledge obligates himself to engage in farm labor for at least two weeks during the season of 1918, for the same wages paid for other labor of like kind and quality.

ADA MAN SPENT 10 HOURS TUNE IN SEARCH

"I spent \$1,800 in 7 years treating with physicians, some specialists costing me \$10 a visit, only to at last say that nothing could be done for me, that I had cancer or ulcers of the stomach. I suffered awful pains in my stomach, but after taking a few doses of Mayr's Wonderful Remedy these all disappeared and for three years am feeling fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co.

DR. WILEY SUGGESTS
ELECTRIC FAN FOR BABY
This authority on food and health, discussing, in Good Housekeeping, means for reducing infant mortality, said:
"... the fan is an excellent apparatus for mitigating the suffering from heat. Air in motion carries away rapidly from the body, heat that it absorbs or that is radiated into it. No cooling process of this kind can diminish the natural warmth of the body, but it can minimize the discomfort that the infant must endure from stagnant air. It is well that the current of the fan be not directly on the infant's body, but over it or to one side."
Have an Emerson Fan in every room for real convenience and comfort.

Music Makes a Household a Home

No home is a real home without music—good music. The home without music is not a home in the true sense of the word—it is merely a household. Every home should have some kind of a musical instrument, preferably one that meets all requirements and suits all tastes. For instance, a phonograph.

When you choose your phonograph do not let prejudice in favor of any certain make or against any other makes stand in the way for making a wise choice.

Every dealer will tell you that his particular phonograph or talking machine has the best "tone," the greatest artists, the handsomest cabinets, the best motor, the best reproducer or any number of other things. We tell you that

The NEW EDISON

"The Phonograph with a Soul"

Re-Creates the human voice and the music of human-played instruments with such fidelity that the actual voices and instruments cannot be distinguished from the New Edison's Re-Creation of them.

The wise way to choose your phonograph is to have several makes sent on trial to your home where you may make comparisons among them in the quiet of your living-room, and decide which one you would like to keep—which one you think you would enjoy hearing just as much five years from now as you do to-day. Then you will choose well, wisely and without regrets.

Any dealer whose name appears in the list below will, upon request, gladly send a New Edison to your home.

COMMENCEMENT AT E. C. NORMAL

SUCCESSFUL TERM COMES TO CLOSE—LARGE CLASS GRADUATED.

The ninth annual commencement exercises of the East Central State Normal school were held last night in the auditorium of the institution and was attended by a good crowd despite many conditions which tended to keep the citizens away. The exercises were marked with simplicity, harmonizing with conditions caused by the presence of so many former students in the service of their country.

The commencement march was rendered by Miss Pepon and the invocation by Rev. W. M. Crutchfield of the M. E. church. Miss Marian Mentzer, piano teacher of the Normal, rendered a splendid piano solo entitled "Concert Etude" by MacDowell.

President J. W. Cantwell, of the Oklahoma Agricultural and Mechanical College of Stillwater was the orator of the evening, and delivered a practical address. The speaker made a strong plea for an adjustment of our schools to the ever changing conditions which the war is forcing on our people. His entire address bristled with the idea of practicability.

Prof. M. B. Molloy sang a beautiful solo, "Past and Future" by Reginald DeKoven, which wows greatly appreciated.

The diplomas were presented to the class by President Gordon, who addressed them on the new life on which they were entering—that of teachers. His advice was listened to with keen interest by the class, who evidently felt the impressiveness of the hour.

The exercises closed with the singing of America.

Following are the names of the forty-three graduates of the term:

Velma Allred, Esma Bowen, Margaret Cameron, Florence Cartwright, Mary Esther Chisholm, Bertha Coleman, Catherine Cooper, Kate Donham, Jennie Dumon, Catherine Edmonston, May Flynn, Funston Gaither, Bertha Killiam, Franklin E. Gray, Winnie Haines, Maud Hand, J. R. Hardin, Viola Harrison, Lillie Henderson, Lincol Hilliard, Nell Hodges, Clarence E. Holt, Lola Horton, E. E. Johnson, Leta Kitchens, Gladys Witt, Mrs. Edith M. Lee, Mrs. A. P. Lever, Beulah McDaniel, Winnie McLachlan, Alice Mace, Gertrude Martin, Gertrude Mitchell, Martha Porter, Margaret Rayburn, Hettie Rives, John D. Rives, Clara Russell, Odessa Sparks, Susie Taylor, Louey Tyler, Nora Wilson, Guy Young.

WILL LEARN NEEDS OF OKLAHOMA FARMERS

Oklahoma City, May 22 (Special).—In order to learn the actual needs of the farmers with respect to labor, marketing, and other farming essentials, representative farmers from every county in Oklahoma will meet with the Oklahoma State Council of Defense in Oklahoma City on Wednesday, May 29th. These farmers have been selected at meetings which were held in every county on Saturday, May 18, by their representatives of each school district, and from which many favorable responses have already been received.

The present crisis requires the closest co-operations between the farming and other industries and war bodies and an opportunity will be given the farmers to discuss at this meeting methods by which, through co-operation, each farmer may be able to supply to the other labor, seed, and livestock and other necessities and possibly in buying and selling farming essentials.

CHURCHES MAY SHIP WINE FOR SACRAMENT

Oklahoma City, May 22.—The transportation of fermented wines in Oklahoma for sacramental purposes is legal, according to a decision handed down this morning by the state supreme court in the appeal of the Rev. Urban de Hasque from the Oklahoma county district court. Father de Hasque several months ago instituted mandamus proceedings against the Santa Fe railroad for the refusal of the railroad to transport wines from Oklahoma City to Guthrie which were to be used for sacramental purposes at the Catholic church at Guthrie.

The Oklahoma county district court rule in favor of the railroad and the priest appealed. The action of the supreme court in reversing the case automatically puts the mandamus into effect.

It was announced from the bench that all of the nine supreme court justices, with the exception of Justice M. J. Kane, who did not participate in the finding concurred in the decision.

In its decision the supreme court held that sacramental wine is excepted in "bone dry" laws even though not specifically so stated.

Have customer for modern house from 5 to 8 rooms, also small house and lot. Cash customer for 80 acre and 160 acre farms. See Cloer at Commercial Hotel. 5-15-47

Tomato Plants.
See Rains Brothers grocery. The celebrated "McGee" said to be most prolific of them all—50c per hundred. 5-22-37*

ADA EVIDENCE FOR ADA PEOPLE

The Statements of Ada Residents Are Surely More Reliable Than Those of Utter Strangers.

Home testimony is real proof. Public statements of Ada people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here's an Ada man's statement. And it's for Ada people's benefit.

Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

L. P. Jobe, 304 W. Sixth St., says: "I advise anyone afflicted with kidney trouble to get Doan's Kidney Pills and give them a trial. About six months ago, I used two boxes of Doan's and they completely removed the dull pains in the small of my back and caused my kidneys to act as they should again. I have recommended Doan's Kidney Pills to several others and they have always cured them."

Mr. Jobe is only one of many Ada people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Jobe had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

First Baptist Church.

Prayer meeting at First Baptist church tonight. Important matters concerning a pastor will be considered. All members urged to be present.

Old papers for sale at 5 cents per bundle at News Office.

The Manual Training Department of the High School can furnish drying frames 14x27 inches and equipment therefor at \$2.00 each. Telephone 371. 5-22-2t

Roy Gilliland, who has been with the Hope-Conn Drug store for some years, left today for a visit at Fort Worth and Dallas, after which he will go to Okmulgee where he will have charge of a drug store.

The Manual Training Department of the High School can furnish drying frames 14x27 inches and equipment therefor at \$2.00 each. Telephone 371. 5-22-2t

Mrs. W. M. Wilson of Duncan, Ok., who has been visiting in Charlotte, N. C., and Atlanta, Ga., is now visiting Mrs. R. O. Wheeler and other friends.

Cy Huddleston captured seven timber wolf pups near Oakman Tuesday and an effort will now be made to trap the mother. Two of the pups were sold to a lady who will take them to North Carolina.

Mrs. Wylie Corvin, who came up from Jesse to attend the bed side of Mr. Corvin's mother in Egypt community, returned home this morning. Mr. Corvin states that a box supper for the Red Cross held at Jesse Saturday night brought \$110.60 making a total of 207.41 for that district.

The Palm Garden entertained the normal graduates this morning, feasting the class on brick ice cream in the class colors, green and white, and other refreshments. A very pleasant hour was spent in this manner in what was to be the last full meeting of the class before breaking up for home.

LIBERTY.

Diamonds and Pearls is a most excellent Brady drama presenting Kitty Gordon, the noted star. The picture is made with magnificent back grounds and every detail necessary to make it highly entertaining and pleasing is attended to. Here is a place where one may spend a very pleasant evening.

Your liberality in buying War Savings Stamps indicate that you are helping the boys "over there" on to Berlin.

City loans, good contract, just \$14.30 per month per \$1000.—J. G. Witherspoon, 119 S. Broadway. 55-8-tf

HAT SHOP MOVED

The Mozart Millinery Shop is now located in Burk's Ladies' Ready-to-Wear Store.

The same exclusive line of Millinery will be shown.

—And you will find a most cordial welcome any time you visit us.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

"ALL OUGHT TO BE SCOUTS"

"If I had my way," says Edward Bok, "I would have every boy on his twelfth birthday become a boy scout. I know of no single idea in our modern life that has in it so many possibilities for the development of the best qualities in a boy as the scout idea."

"It has been the making of several boys that I know; it has awakened even a larger number. My own boy is a scout, and so I speak from personal experience."

"The scout idea fits into these busy days for fathers with particular force, since where the father cannot give as much attention to his boy as in normal times, or is away from home on service, the scoutmaster comes in with his steady influence in a peculiarly happy way."

"The entire fundamental structure of good citizenship lies in the idea: obedience, a respect for authority and himself, consideration for the other fellow, honor, courtesy, and a love of country. Where is there a better secular code than this to instill into a boy of thirteen?"

SCOUTS IN REAL WAR WORK.

The Boy Scouts of America is growing at the rate of 1,200 a day. A regiment of youngsters is being recorded each 24 hours at the national headquarters in New York city. There are now 353,048 of these scouts twelve years old and over.

The reason is that the government has given the boys who are scouts many real things to do to help win the war, and they have found out that as scouts they can have a definite and clearly recognized part to play in the winning of it.

While other boys are simply tossing their hats up or cheering from the "side lines," the Boy Scouts of America is being called upon by the president, the secretary of the treasury, the war department, the food administration and other branches of the government, the Red Cross, the Liberty loan committees and all factors in winning the war.

ASSEMBLY IN THE CAMP.

Scout Routine is Rigidly Observed at the Summer Gatherings.

WHAT THE BOY SCOUTS DO.

The world interest in the boy scout movement challenges the intelligent understanding of every one, and yet many people still ask "What is scouting?" and "What do boy scouts do?" The boy scout idea is a movement rather than an organization. It aims to supplement existing organizations such as the home, church and school by engaging the boys' leisure energies in outdoor games and activities of cultural and practical value.

The aim of the scout movement is to inculcate character, which, though essential to success in life, is not taught within the school, and being largely a matter of environment is too generally left to chance, often with deplorable results. The scout movement endeavors to supply the required environment and ambitions through games and outdoor activities, which lead a boy to become a better man, a good citizen.

GOOD TURNS BY SCOUTS.

Every pound of tin used in this country is imported. By saving tin we also save cargo space. A manufacturer says that the Boy Scouts of America can patriotically save the empty tubes from tooth paste, cold cream, etc.

The scout drive in Waterbury, Conn., for books in co-operation with the Rotary club brought in 60,000 volumes. Cleaned up the town and hauled out 15 loads of rubbish is the report from Salem, Ill.

FRANCIS

The very heavy rain last Sunday night caused some damage and the farmers are all out of business for a few days. The grass and weeds are growing and the demand for help is going to be very great.

A crew of men are very busy at work putting in wire to the chief dispatcher's office. It is reported that the Frisco will very soon move the north section house up near the depot and make an office for the chief dispatcher and superintendent out of it.

The men are very busy at work plastering and putting in the glass fronts of the Miller and Vickery building. These buildings will soon be ready for occupancy.

Six of our boys have been called to the army on the 25th of May. Quite a number will be compelled to register June 5th, and there are still

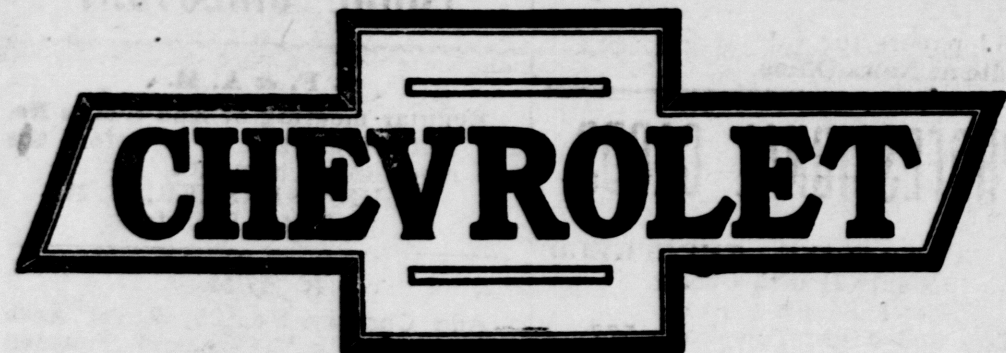

a few of the class 1, old registration, who have not been called.

Seven of our good citizens were arrested today and taken to Ada charged with cock fighting. These boys were only trying to have a little fun, but the officers stepped in and made the thing more lively.

Since the Liberty Bond and Red Cross drives have gone over the top our people are feeling much better and still more patriotic. The ladies at the local Red Cross hall are setting an example that will rule and guide this people.

The oil question is still running high and everybody is expecting Ben-edum & Tree to soon bring in other good wells.

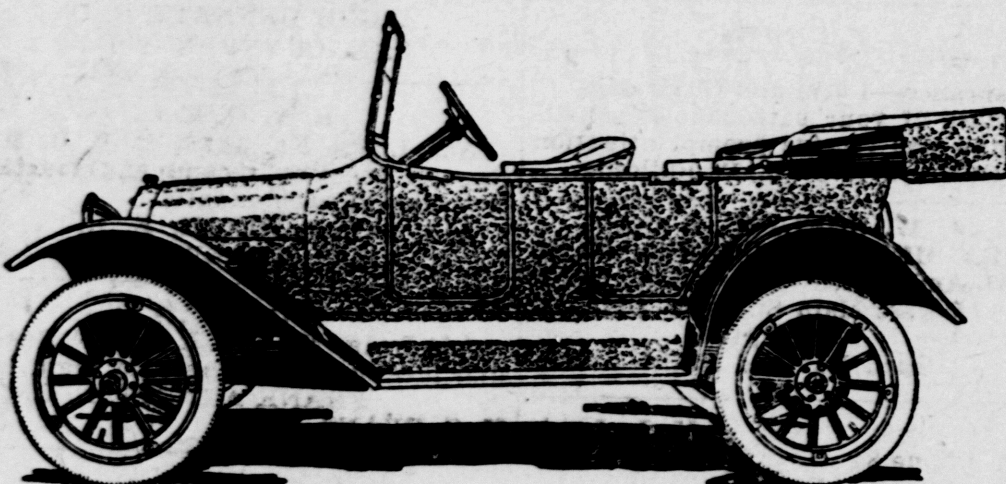

For the convenience of the public the News is carrying on sale a supply of Thrift Stamps and War Savings Certificates.

ANNOUNCEMENT

We have been fortunate enough to secure the Agency for Chevrolet Automobiles for this territory and will maintain a modern service station for these cars, we will be glad to render all owners every attention possible.

We will have on display a stock of the 1918 model cars within the next few days.
